Programme Officer, Agriculture

Sustainable Agriculture & Enterprise

“In the past century FFI has consistently saved species from extinction and protected habitats from destruction. Their solutions have always been practical, efficient and sustainable in local circumstances.”

Sir David Attenborough, FFI Vice-president
Fauna & Flora International

Fauna & Flora International (FFI) aims to save threatened species and ecosystems worldwide, and to do so by working with partners to deliver local solutions that are scientifically robust and enhance human well-being. FFI acts with integrity, is collaborative, committed, supportive & respectful and we get things done. Founded in 1903, FFI is the world’s longest established international conservation body; our conservation work, and impact, spans the globe.

Sustainable Agriculture & Enterprise Programme

The Sustainable Agriculture & Enterprise (SAGE) Programme is one of FFI’s five thematically-defined cross-cutting programmes that work closely with the four geographically-defined regional programmes to deliver, and influence key stakeholders to deliver, conservation impact. Cross-cutting Programme Directors are informed by latest science-based research, innovation and practice in their technical areas and maintain influencing networks to ensure FFI operates at the cutting edge of nature conservation efforts globally.

The SAGE Programme supports our portfolio of site-based projects with the design and delivery of sustainable enterprise and agriculture related work, aiming to deliver sustainable impact through strengthening local livelihoods and well-being, improving access to markets for community enterprises, developing practical partnerships with agribusiness and investors to support FFI’s enterprise and sustainable finance work, and helping to influence relevant policy frameworks.

The SAGE team focuses on strengthening local agriculture systems, enabling local enterprise opportunities from multiple sectors including agriculture and tourism, developing appropriate agribusiness and investment partnerships for conservation and local revenue generation. It helps FFI projects achieve their sustainability goals through creating financial flows to sustain local conservation projects and support the incentives needed for effective local engagement in delivering biodiversity benefits. The SAGE Programme also seeks to influence the policy environment and corporate strategies that govern the impact of agriculture and investment systems on FFI conservation projects.

The Opportunity

FFI is seeking qualified candidates for the position of Programme Officer, Agriculture, to coordinate the delivery of agricultural support within FFI’s conservation projects around the world.

You will be an agricultural livelihoods specialist with project coordination experience, providing agricultural support to FFI’s portfolio of conservation projects around the world. This role works closely with the Programme Manager, Agriculture and other SAGE and cross-cutting team colleagues, as well as FFI’s regional teams and partner organisations. You will contribute to the design, development and delivery of agricultural activities in high-priority countries by via proposal input, methodology design, data collection and analysis, and the communication of results to donors, stakeholders and the public through written work. You will have a university degree with
relevant technical expertise, including field-based agricultural development, and proven ability in project management and administration, including financial aspects.

You will have the personal qualities and skills necessary to collaborate effectively with government agencies, non-governmental organisations and a variety of other partners and stakeholders, as well as strong verbal and written communication skills. You will be highly organised and self-reliant yet a good team player, responsive to the needs of colleagues and partners. Excellent writing skills are essential, including experience of writing donor reports. International travel will be required. Fluency in written and spoken English is essential, and fluency in another language is highly desirable (French, Spanish, Portuguese, Bahasa etc.).

In return, the role offers the opportunity to work within a ground-breaking and entrepreneurial organisation, at the forefront of global conservation, with opportunity to apply your skills and expertise where appropriate. In addition, FFI offers a generous pension contribution, attractive annual leave allowance and life insurance.

Our offices are located in The David Attenborough Building in central Cambridge, just a few minutes’ walk from glorious historic buildings and museums, the picturesque River Cam, the central market and shopping centre, and a host of cafés and restaurants.

Terms and Conditions

Start Date: As soon as possible

Duration of Contract: Permanent

Probation Period: Six months

Salary: circa £26,000

Location: Fauna & Flora International, Cambridge, UK
(Some remote working from within the UK may be considered)

Benefits: 25 working days’ annual holiday entitlement plus Public/Bank Holidays and any normal working days that fall between 24 December to 1 January inclusive, during which time FFI UK offices are closed

For employees on UK-based contracts, FFI currently provides a pension contribution of 8% of salary after 3 months’ continuous employment.

Group Life insurance, currently set at a benefit of 4 x basic salary

Hours of Work: This is a full-time position working 37.5 hours per week, Monday to Friday inclusive.
Job Description

Job Title: Programme Officer, Agriculture (SAGE)

Reporting to: Programme Manager, Agriculture (SAGE)

Key Relationships: Director, SAGE
Programme Managers (Cross-cutting and Regional)
Agriculture Specialists (Regional)
Cross-cutting Programme team specialists
Fundraising team
Finance Business Partner, Cross-cutting Programmes

Purpose

This role will support and help to coordinate the delivery of FFI’s agriculture-focused conservation work through provision of project planning and technical design support to SAGE field projects, including effective communications (internal and external) of project milestones and results. The post holder will also provide a level of administrative support to the SAGE programme, and will contribute to fundraising and proposal development.

Specific Duties:

Contributing to the FFI Global Programme
- Coordinate and support technical implementation of agriculture components within FFI projects as needed, in close collaboration with project managers, technical specialists, other project staff, partners, and other stakeholders
- Maintain external expert networks to ensure FFI aware of agriculture related science, evidence and innovation to be applied to conservation, and provide technical expertise on sustainable agriculture, including through literature reviews
- Support the design, collection and analysis of agricultural and socioeconomic data for internal and donor reporting
- Facilitate the delivery of project activities with partners and stakeholders, including organising procurement and providing hands-on assistance with tasks where needed
- Liaise with the FFI Communications team, Project Managers and local partner organisations to communicate and promote FFI’s work in agriculture and conservation, including providing written materials for the FFI website, social media and contributing news stories, blogs, and/or scientific papers
- Supervise students, temporary internships and work placements as required

Programme administration
- Support the development of work plans and review implementation activities for a selection of strategically-identified projects and thematic initiatives
- Support and contribute to the preparation of technical and financial reports to the project donors and partners, and an annual report for each assigned project, ensuring full compliance with FFI project cycle
• Support financial management and tracking of SAGE programme funds, under the guidance of the Programme Manager, Agriculture and with the support of the Finance Business Partner, Conservation Partnerships

**Development**
- Contribute to strategic planning of FFI’s agriculture work, including discussion of fund-raising priorities and strategies
- Monitor and develop understanding of agricultural commodities of strategic interest to FFI’s Regional Programmes and support the SAGE Director in identifying the most effective way for FFI to engage
- As requested by Line Manager, contribute to development of project proposals

**Learning and knowledge exchange**
- Support the Programme Manager, Agriculture and relevant Project Managers to ensure effective monitoring and impact assessment of FFI agriculture work through support and guidance to appropriate staff
- Provide technical reviews for both internal and external grant funds on a range of sustainable agricultural development issues
- Provide internal training and support to other areas of FFI to transfer technical knowledge where appropriate

**Other**
- Represent FFI’s position on agriculture, and related technical areas of expertise, both internally and externally, including maintaining relationships with collaborating institutions and selected donors
- With agreement of Line Manager, perform any other tasks that may be requested from time to time, which are appropriate to the Programme Officer’s skills and experience, and relevant to the scope of this role
- Assist in dealing with external enquiries relating to FFI’s work on agriculture

**FFI Values**

Values underpin who we are and how we act. Just as values shape who we are as individuals, they define us as an organisation, creating the culture of success for which FFI is renowned. Our people exemplify our shared values, which are interconnected and interdependent:

- We act with integrity
- We are collaborative
- We are committed
- We are supportive & respectful
- We get things done

**How to Apply**

Applications, consisting of a covering letter explaining why you feel you should be considered for this post, a full CV (tailored to the role as advertised, highlighting relevant experience and achievements) and contact details for two referees (who will not be contacted without your permission) should be sent to michelle.villeneuve@fauna-flora.org

Please mark your application ‘Programme Officer, Agriculture (SAGE).’

The closing date for applications is **12 September 2021**. Interviews are likely to be held during the week commencing 20 September 2021. Candidates selected for interview will be contacted by
email or telephone – please specify your preferred method of contact in your covering letter and indicate where you saw the position advertised.

Regrettably, due to limited resources and the high number of applications we receive, we are only able to contact short-listed candidates. If you do not hear from us within four weeks of the closing date, please assume that you have not been successful on this occasion.

Applicants with Disabilities

FFI encourages applications from individuals with a disability who are able to carry out the duties of the post. If you have special needs in relation to your application, please contact Jade Bedwell, HR Officer, FFI, on Tel: +44 (0)1223 749044 or Email: jade.bedwell@fauna-flora.org.

FFI values diversity and is committed to equality of opportunity
